## Eligibility of Products and Services

### Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

### What is the issue?

On your form, you listed the products and services identified below on FRN 1699036028 under the 2 service type. However, the service type needs to be changed to Internet Access - Category 1 service type to accurately reflect the products and services indicated on the Item 21 or other supporting documentation. This is an issue because Category One and Category Two services must be filed on their own separate applications.

Type of Product and Service	Associated Cost
Cabling	\$7,500.00

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.
